

2022 Pro Bono Year at a Glance

In 2022, AIG celebrated the 10-year anniversary of its Pro Bono Program. Thanks to many of our colleagues and pro bono partners, the program achieved record participation numbers in this milestone year. The Program has grown significantly since its inception, and we are excited to expand its reach to even more organizations and individuals in need.

We are proud of our colleagues' commitment to our mission to provide access to justice for all, and we are inspired to bring the Program to even greater heights for another ten years and beyond.

AIG colleagues logged over **5,000** pro bono hours

25% increase

in the number of participants in the program year over year to 442

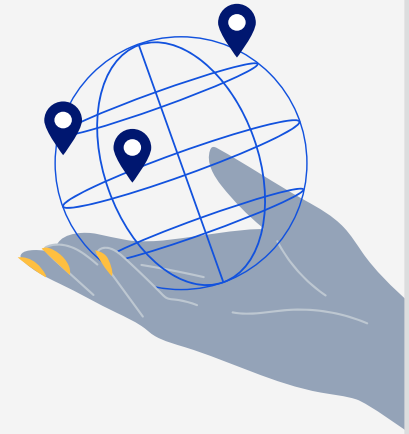

Global participation increased significantly:
